

# Wild Wye Swim Saturday 18 Sept 2021

We look forward to welcoming you to Symonds Yat on Sunday 20th September for the 3rd Wild Wye Swim. This is organised to raise money for the Severn Area Rescue Association (SARA) - the Lifeboat and Inland Search and Rescue Organisation which covers this area.

**We are grateful to Lucozade Ribena Suntory (based in Coleford), and Run-Wild.co.uk for supporting this event.**

Please note that this event takes place through private land and private owned fisheries. This is an annual one-off opportunity to have an organised and safe swim along this route with the permission of the landowners and fishery owners. SARA has permissions in place which would not normally apply outside of this event.

## Event HQ

The Event HQ is at Huntsham Bridge HR9 6JN. This is on the north bank of the Wye, close to the B4229 road from Whitchurch on the A40 to Kerne Bridge, on the minor road heading to Symonds Yat East. This is where all the swims will finish.

You should park at Event HQ, and here you will find registration and toilets. Hot drinks will be available. There should be adequate parking at the field. 4x4 vehicles will be available if stuck!

The key timings are as follows:

0900 Registration opens - at Huntsham Bridge

1000 Bus shuttles to the starts begin - see timetable below

We estimate the first 7km swimmers will finish around 1130;

## The Key Points!

- Aim to Register 45-60 mins before your bus (see below), and after 1030 for the 1km, not earlier.
- You need a mask to wear on the bus and in the toilets.
- There are NO changing tents or facilities (due to Covid). Baggage will be left in the open.
- Your sticker goes on the bag goes with you to the start (we bring it back to the finish).
- There are toilets at the Event HQ but NOT at the Swim Start area.
- Tow-floats ARE allowed.
- Skins Swimming (without a wetsuit) IS allowed, please complete the extra disclaimer and hand it in at your start (not at Registration)

And it's not a race, so please try to enjoy it!

## Bus Timetable

Swimmer Numbers	Time
1001-1041	1000
1041-1081	1015
1081-1121	1030
1121-1161	1045
1161-1201	1100

# Wild Wye Swim Saturday 18 Sept 2021

## Covid

Swimmers will need to confirm on line that they have seen the briefing and confirm that they agree to the terms and conditions, and electronically sign the disclaimer form.

### Swimmers

- Must not attend if they are symptomatic of Covid-19 (high temperature, new continuous cough, loss or sense of taste or smell, or otherwise feel unwell).
- Must not attend until they have had a negative PCR test if they are a close contact of someone who has tested positive for Covid-19 in the preceding 10 days before attending.
- Should do a Covid-19 lateral flow test the morning of the event, prior to attending.
  
- Should arrive in defined time slots as according to their bus timings, to avoid gathering.
- Should socially distance in the queues for registration and the toilets, and to wear a face covering whilst in the queue.
- Should use hand sanitiser on the tables before touching anything!

## Registration

Please aim to Register 45-60 mins before your bus (see below), not earlier. This to reduce congestion and queuing.

Please wear a mask and gel your hands! At Registration you must hand in a completed Disclaimer Form (see Page 10) and will receive a wristband with your Swimmer Number, a coloured swimming cap, and a numbered sticker. A small number of entries on the day will also be available on a first-come, first served basis.

## The 7km Swim

A series of buses will ferry swimmers to the Swim Starts You MUST wear a mask on the bus and gel your hands before boarding. Please get on the correct bus for your swim number.

At registration you will be given a sticker with your Swimmer Number, put that on a small bag and take that on the bus. At your swim start you can place your footwear and other clothing in the small bag. This will be brought back to the baggage zone at HQ for collection after the finish.

The start area may be in use by the public a. Please follow the direction of the marshals and keep out of the way of other users, so far as possible. There are no toilets at the start areas

At the start you a marshal will tick off your number before entering the water.

Except for emergencies, the only entry and exit points from the river are the two start areas, the two refreshment areas, and the finish.

The river is mainly deep enough to swim without interruption, though sometimes breaststroke might be the only option. The 1km after Lydbrook (as far at the Youth Hostel on the right) is also pretty shallow. The first aid point is after this shallow section. There is also a short area of shallows about 1km before the finish. It may be most comfortable to float through these feet-first, aiming for the fastest-moving water. These areas will be marshalled.

# Wild Wye Swim Saturday 18 Sept 2021

Basic refreshments (fresh water, coke, Lucozade, bananas) will be provided on River Left at the 'Halfway House' refreshment area before Yat Rock, on a raft in the river. Please avoid bunching up at these, and be aware that your hands may be contaminated from the river water. There will be a First Aid point at 'Halfway House'. There will also be a toilet at Halfway House. There will be coloured buoys upstream of the refreshment point to indicate that you are close! NB Use of the refreshment point is optional - tit is not a 'checkpoint' and you do not have to stop.

Wetsuits are optional. If worn, they must be clean (see below). Those who wish to swim without a wetsuit must hand in an additional disclaimer at their Swim Start. There may well be fishermen using the bank, please respect their need for quiet. In most cases they will have paid to be there. We need their consent to operate the event, so your cooperation is appreciated.

Please note that the water in September may be 12-14 degrees, depending in the weather, and heavy rain can drop the temperature in a few hours. If you get cold, it can be a long way to the finish and there are no easy short-cuts back to the finish if you withdraw.

## First Aid and Emergencies

SARA will be providing safety and first aid cover. The river will have marshals approx every 1km, all of whom will have radio contact with HQ, and water rescue equipment. There will be a number of powered craft, which will also have radios, and there will be a number of kayaking 'marshals', these will have whistles for raising alarm if necessary. The course will be 'swept' after the last swimmer.

In the case of difficulty swimmers should attempt to reach one or other bank, and stand up. If not possible, lie on your back and raise one arm. Swimmers are asked to look out for each other, escort anyone in difficulty to the bank and if necessary attract the attention of a marshal.

There will be a number of yellow and orange buoys in the river; these are for the identification of areas in case of an emergency.

First Aid points will be located at the Youth Hotel after Lydbrook, at the Halfway House refreshment point, and at the HQ (i.e. Finish). The primary ambulance RV point is the HQ. First aid points will have a good supply of blankets, for swimmers who withdraw, but such swimmers may need to remain at that location for a considerable time before transport is arranged back to Event HQ. They will be required to wear a mask.

Swimmers must not abandon the swim without informing a marshal of their Swimmer Number - anyone doing so will not be permitted to enter again.

# Wild Wye Swim

## Saturday 18 Sept 2021

### **The Finish, Timing, Results, Prize-Giving**

The Event Finish is at the top of a short bank. Contrary to popular belief, this is not a vertical cliff (far from it!) although after 2-3 hours of swimming it might feel like it. Ropes will be positioned to help you to walk up, and SARA team members will be available to assist you up.

Swimmers will be ticked off as they come out of the water.

This event is intended as an experience and for many as a challenge. It is not a race, and there will not be any timing, results or prize-giving. All swimmers who complete their distance will receive a memento.

A good variety of refreshments will be available at the HQ area, including basic hot food for sale after the swims.

Please remember to socially distance after your swim!

We recommend that you do not drink water from the river and that you thoroughly wash and disinfect your hands prior to eating or drinking after being in the river.

### **Looking after the Environment**

The event takes place in the beautiful River Wye, in an Area of Outstanding Natural Beauty (the Wye Valley AONB) and much of it is a Site of Special Scientific Interest (SSSI). It is also an important commercial fishing area. We therefore ask all entrants to abide by the following guidelines provided by Natural England:

- Clean and dry all wetsuits in fresh water before use, to prevent any cross contamination from others areas. There are some particularly persistent creatures like Killer and Demon Shrimps which are in neighbouring catchments and not yet in the Wye so we don't want them to spread.
- Use only the designated entry and exit locations from the river. In particular, at Lydbrook the only entry and exit point is the steps, downstream of the shallows. At the finish, please be guided by the marshals up the marked path. In both these locations there are areas of Japanese knotweed which we need to avoid.
- Avoid swimming in shallow areas and close to the banks, which is where salmon may be resting.
- Avoid walking over gravel areas. NB The dry and wet gravels of the River Wye are very important for many invertebrate species which are prone to disturbance and trampling. A recent survey carried out by Buglife showed how the gravels trampled by animals or canoeists were significantly reduced in invertebrate quality.
- Do not litter. Bins and spare bags will be provided at the refreshment areas.

# Wild Wye Swim Saturday 18 Sept 2021

## Spectators

Spectators are welcome at the Swim Starts, and can then easily watch the swim from much of the bank. Please note that at Lydbrook (7km start) spectators will be asked to park in a designated car park approx 200m from the start location, to avoid congestion. This will be marked.

There are public footpaths alongside the river for most of the way, including the Wye Valley Walk. The best way to follow the whole course is on the right bank, ie opposite to the 7km start. The old black railway bridge at Lydbrook has been repaired and is now a very convenient place to watch swimmers go past underneath; this is about 300m away from the nearest parking, which is just before the road from Lydbrook turns left and starts to climb to English Bicknor.

Please note that the footpaths are on private land; there is little direct access from the footpath to the river itself. Please do not litter!

There may well be fishermen using the bank, please respect their need for quiet.

The finish is arranged to be spectator friendly, and the last section is visible from the HQ field area. Spectators should not use Huntsham Bridge, which is very narrow even for cars!

## Saturday 18 Sept 2021

### The Severn Area Rescue Association (SARA)

SARA is a Lifeboat and Inland Search and Rescue organisation. SARA is entirely manned by volunteers who are on standby 24/7/365, and are often called out at anti-social hours, in response to 999 calls to the Coastguard, Police, Fire or Ambulance Services. SARA is perhaps best known for providing the declared lifeboat service to the tidal Rivers Severn, Wye and Usk, and parts of the Bristol Channel not covered by the RNLI.

SARA is not directly funded by any central or local Government agencies and depends completely on donations to fund its operations. Please see [www.sara-rescue.org.uk](http://www.sara-rescue.org.uk) for more information, and you can follow SARA's updates on Facebook ([facebook.com/severnrescue](https://facebook.com/severnrescue)) and on Twitter (@severnrescue).

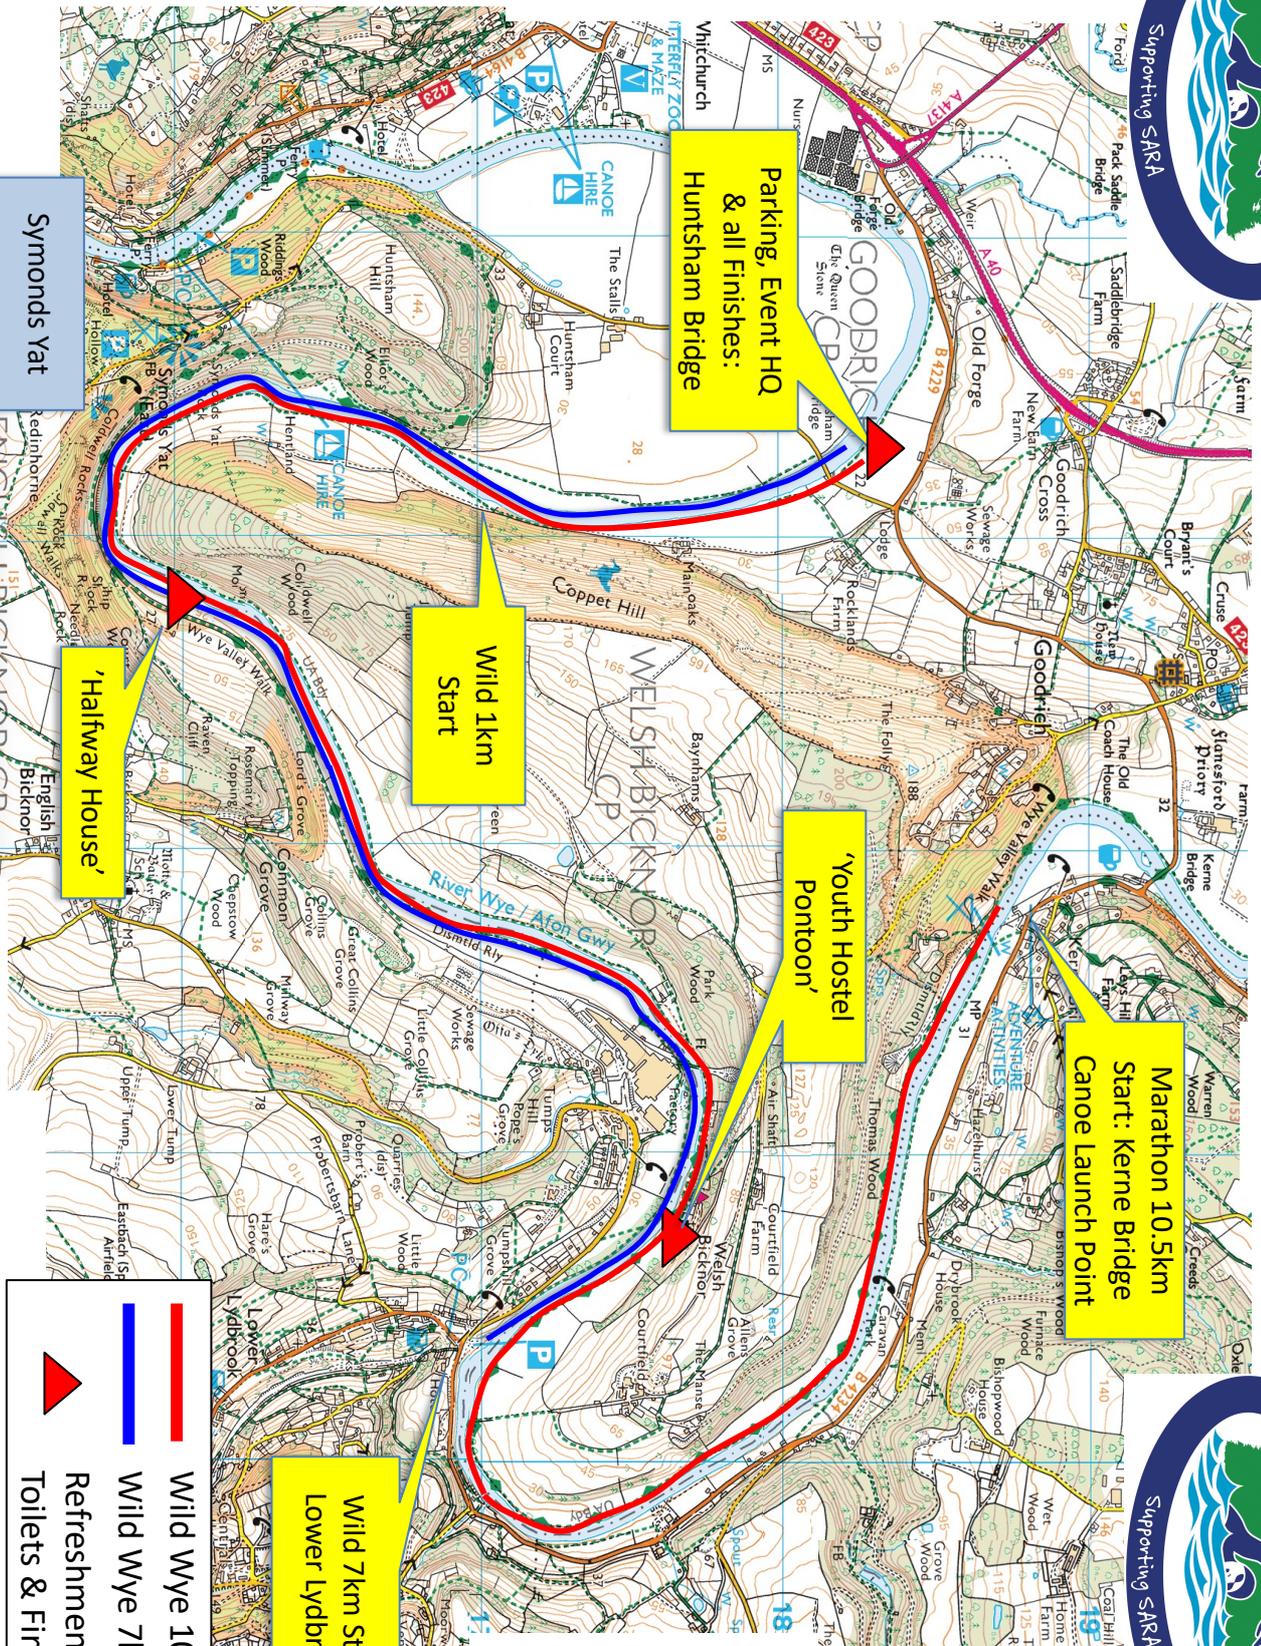

Your entry fee forms the largest proportion of the funds raised, but any further efforts to support us with donations or sponsorship large or small for your swim are greatly appreciated. However, unlike some other events, sponsorship is not compulsory and we are happy to see you either way.

## How to Find Event HQ

(Huntsham Bridge, HR9 6JN)

# STOP THE SPREAD

Are you unknowingly spreading invasive species on your water sports equipment and clothing?

Invasive species can affect fish and other wildlife, restrict navigation, clog up propellers and be costly to manage. You can help protect the water sports you love by following three simple steps when you leave the water.

**Check your equipment and clothing for live organisms - particular in areas that are damp or hard to inspect.**

**Clean and wash all equipment, footwear and clothes thoroughly. Use hot water where possible. If you do come across any organisms, leave them at the water body where you found them.**

**Dry all equipment and clothing - some species can live for many days in moist conditions. Make sure you don't transfer water elsewhere.**

For more information go to [www.nonnativespecies.org/checkcleandry](http://www.nonnativespecies.org/checkcleandry)

## Participant Disclaimer & Next of Kin Details

Please be aware that the River Wye is a natural river with changing depths & currents. There may be hidden/ submerged objects which could be sharp and may cause personal injury. Examples could be rocks/fallen trees and waste debris.

Although every effort has been taken to identify such risk, please be aware that it is your responsibility to assess your surroundings at all times. You must use defined access / exit points - these are for your safety.

- No alcohol or unlawful drug use is permitted
- Numbered wrist band, wrist tags and Event Swim caps must be worn
- You must follow the event course at all times and follow any directions given by event officials
- Ensure that if you are reliant on regular medication, it is available at the refreshment points. We will arrange this if it is provided to us at Registration. Please describe details below.
- If at any point, you want to retire from this event, you must notify either a marshal or a safety crew member
- Under 16 years of age entrants in the 1km swim must be supervised by a suitable adult at all times. Ratio = 1 under 16 to 1 adult.
- We recommend that you do not drink water from the river and that you thoroughly wash and disinfect your hands prior to eating or drinking after being in the river.
- Power driven emergency rescue boats will be operating in the water during this event.
- The event takes place in the Wye Valley Area of Outstanding Natural Beauty (AONB). Please be aware of other river users such as canoes, pets and fisherman, and respect all other users

By signing this disclaimer you also confirm that you are physically fit to participate in this event and understand that the water may be cold!

### **Disclaimer: Swimming without a Wetsuit ('Skins Swimming')**

Please be aware that the river depth and current vary. The water can be quite cold in places, and the swim can take up to 3 hours.

Swimming without a wetsuit is permitted for experienced open water swimmers

I agree that:

- I am confident that I can complete this event without wearing a wetsuit and without requiring support
- I have swum at least one mile in open water without a wetsuit in the past 2 months
- I understand the risk of not wearing a wetsuit, in particular that I may get cold and that I will not be naturally buoyant.
- By signing this disclaimer you agree with the above statements

**Your name**
